

Gumpo White Azalea

(Azalea x 'Gumpo White' Satuski hybrid)

The White Gumpo Azalea is a dwarf evergreen shrub with pure white lacy blooms in the late spring. It has lush foliage on dense twiggy branches. It is a lovely accent and provides year-round interest. It grows to 1-3 feet tall and 2-3 feet wide.

Plant care: The White Gumpo Azalea is a low maintenance shrub and is easy to care for. It prefers to be in part shade/filtered sun. It does not need pruning and needs to be mulched.

Watering: The White Gumpo azalea needs regular weekly watering, or more in extreme heat.
